Wroxton Primary School PE and Sports Premium Action Plan 2019/2020

PE and Sports Premium at Wroxton Primary School

Since 2013 the government has identified how vital exercise and healthy living is to young people, therefore, they have provided all schools with an annual allocation of money, The Sports and PE Premium Grant. The government has recently guaranteed this funding into the 2020/21 school year, which, in these times is even more vital. With all school children returning to school in September, this will ensure children will continue to receive quality PE and sports and the provision to promote and develop a healthy lifestyle.

PE and Sports at Wroxton and how we use the PE and Sport Premium Grant.

During the 2019/2020 academic year, our school will receive a total of £16,850.

This funding ensures our continued membership of the North Oxfordshire Schools Sports Partnership (NOSSP) – which provides our school with support, access to courses and sports events and competitions at no additional expense.

Being part of NOSSP we receive regular support from a specialist Primary PE Mentor (Mr Rory Mawn) who works with, and alongside teachers, Mr Hickman, (PE Coordinator) and our teaching assistants to improve the quality and learning in, and through, PE and sports.

Our affiliation to NOSSP also enables us to enter all the sports events and festivals they arrange, giving us access to inter schools' competitions and National School Games events. Since I have been at Wroxton I attempted to ensure that we attend as many events/festivals as we are able, to give children the opportunities to try new events, that they may not otherwise have been able to be involved in: however, this is only possible with the backing and support of all our class teachers, as well as Mrs Guinness and Mrs Sullivan.

Wroxton staff are also able to attend regular meetings and conferences arranged by NOSSP to ensure we are updated with all relevant information.

During this academic school year, which should perhaps be divided into 2 parts (pre pandemic and then through this pandemic), the children have participated in various Level 1 Competitions (this being inter class and/or year).

In the first part of the school year our children were involved in Level 1 events within school, these included rugby, football, athletics, Boccia and our own multi skills (running, standing long jump, vortex throw, obstacle course, netball challenge and

football target). During a particularly wet PE session the Kites competed in their own 'Cup Stacking' competition.

Mr Mawn, with the support of 2 Play Leaders, led a hugely popular weekly lunchtime Change4Life club, which was targeted at KS1 pupils. This was introduced to help with team building and increase confidence, and the Play Leaders involved gained additional organisation and leadership skills.

As a school, during the first half of this academic year, we attended the following NOSSP events; Tag Rugby, for all our Years 5 – 6, Dodgeball, for our Years 3-4 and Cross Country, Years 1 – 6, as we are a small school, we are very fortunate in that all our pupils are able to attend this event.

Following the closure of schools, expect for certain children and more recently the opening for additional year groups, Wroxton has continued to provide PE and Sports for all children within school. In addition, Joe Wickes's exercise and training sessions were promoted for those in and out of school, and I did my best to keep up with Joe, which the children in school found highly amusing.....

During this time the children have continued to play many forms of Level 1 sports and exercise within their 'bubbles', including football, tennis and netball, and also against other 'bubbles', these included timed running, multi skills events, hula hoop competition (the best time to date is still 8mins 43 secs) and more recently a football target competition, which due to the nature of the ball that was used, meant that no football skill was needed, just luck..... In fact, those that might normally be considered 'good footballers' usually scored less points than others.

We recently competed in the NOSSP virtual quad kids competition, completed within our 'bubbles', this consisted of a timed sprint and a longer distance run, standing long jump and a bean bag throw. It is anticipated that there will be more of these virtual competitions next term.

On a damp Wednesday morning we had our school Sports Day, this year it was completed within each bubble, events consisted of timed sprints and a longer distance run, a bean bag throw, standing long jump and a netball challenge, great fun was had by children and staff alike: Mrs Ruffle, competed in each event within her own bubble.

On Class Dojo staff set many physical challenges entitled 'Beat the Teacher', these included 'wall squatting', how high can you jump, planking, star jumps and the now obligatory hula hoop challenge.

Swimming at Wroxton

Year	Number of pupils	Number of pupils completing 25 metres unaided	% of swimmers competing 25 metres unaided
Year 5	14	6	43.5%
Year 6	13	11	84.5%

Last year we invited a tennis coach to our school, for 'taster session' with many of our children, this proved hugely popular, to such an extent that I continued this during the second half of the school year.

At the beginning of the year we raised £70 for Children in Need

Remember -----Keep on trying

**‘I’ve failed over and over again in my life. And that is why I succeed’
Michael Jordan**

For a copy of our agreement with NOSSP please go to their website;

NOSSP affiliation also provides us with membership to the Youth Sports Trust, who provide a range of benefits and support, including the School Games Mark

The Schools Games Mark is awarded annually, areas which are looked at include Level 2 events/festivals entered, Level 1 events and festivals within school, school clubs and any additional other support/guidance given to children: in 2015/16 we received bronze, for the next 2 years we raised our game and received silver, however, for the last full academic year, 2018/19, and for the first time, our school was awarded GOLD..... A magnificent achievement for a small school.....

The Youth Sports Trust is another annual award, which looks at the quality of PE, the schools vision for PE and healthy living, the needs and interests of children, as well as support within school. Again, looking back to 2015/16 we were awarded bronze, for the last 2 academic years we have again raised our game, and have been awarded SILVER, another brilliant achievement for a school of our size.

The thanks for both these awards go to the children, all staff for their support and backing and parents for allowing and encouraging their children within PE, and at the events and festivals we enter.

As PE coordinator I set myself a challenge, to ensure that ALL children, within our school, compete in Level 1 (inter class/school) events and competitions, and as many children as possible competed in Level 2 competitions/festivals, these are events where we compete and participate against other schools within our School Partnership. Within school 100% of children have competed in Level 1 events/festivals, in Level 2, I have always hoped achieve 100% of our children from Years 1 – 6; in 2016/17 we managed 89%; at the end of the 2017/18 year we managed 91%, for 2018/19 we reached 92%, and for the 2019/20 year 97%.

NOSSP affiliation provides our school with mentoring and guidance to increase the confidence in our staff in delivering high quality PE lessons, and this in turn to promote happy and healthy pupils.

Impact

1. Increased pupil participation in curriculum PE
2. Improved pupil attitudes to PE
3. A more inclusive curriculum which inspires and engages all pupils
4. More confident and competent staff
5. Enhanced quality of teaching and learning
6. Increased pupil participation in school sports clubs
7. Participation in an increased range of extra-curricular opportunities
8. Enhanced quality of delivery of activities
9. Increased pupil participation in competitive activities including School Games
10. Increased participation in non-competitive/non-School Games activities
11. Increased pupil awareness of opportunities available in the community

Attainment, to help ensure that all pupils develop healthy lifestyles:

1. Improved standards
2. Positive attitudes to health and well-being
3. Positive impact on whole school improvement
4. Easier pupil management
5. Improved behaviour and attendance
6. Reduction of low-level disruption
7. Engaged or re-engaged disaffected pupils
8. Whole school targets met more effectively
9. Pupils understand the value of PESS to their learning across the school
10. Staff across the school are making the links across subjects and themes including PE
11. Pupil concentration, commitment, self-esteem and behaviour enhanced
12. Positive behaviour and a sense of fair play enhanced
13. Good citizenship and Leadership promoted

To date this is how we have allocated/spent our current Sports Premium;

Payees	Cost/Allocated funding
North Oxfordshire Schools Sports Partnership (NOSSP)	£9515.40
Coaches (to and from events)	£345.00
Youth Activators	£200
Active Maths	£295.00
Carried Forward	£6494.60

Due to the pandemic it has been announced that un-used monies from this academic year can be carried forward to next year.

Mr P Hickman
PE Coordinator
July 2020.
