

Dear Parents

For those of you able to attend I hope you enjoyed the Mother's Day service today. Today marked the first event where school and family have come back together. For those unable to attend then we have videoed each individual class and it will be posted on Class Dojo.

Just listening to the children was wonderful. The innocence of their words brought laughter and tears from you all. To be back together as a whole school community was wonderful.

Whilst this Sunday we are celebrating Mothers, we are also celebrating all those who are like mothers to us for so many different reasons.

Sunday will be a difficult day for many for a host of different reasons. As you celebrate this year please allow yourself a small moment of reflection to think of those people in some very difficult and challenging circumstances.

Wishing you all a wonderful weekend

Best regards

E-safety - TikTok

You must be over 13 years of age to use TikTok. Users can watch musical clips, record clips (it includes lots of lip synching and dancing), edit them and add special effects.

Why should I be concerned?

You need to be aware that some of the videos may contain explicit language and sexual imagery, which may not be suitable for your child to view. There is also the risk of strangers contacting your child so make sure you have set up the appropriate settings. If your child is using TikTok then we recommend setting the account as private (this is the default setting for users under 16 since Jan 2021). Even with a private account, your child's profile information such as their photo and bio are still visible so ensure your child understands the importance of not adding personal information (e.g. location, age and phone numbers) to this area. This article explains how you can strengthen your privacy settings and what features are turned off by default for accounts for children aged 13 –

Family Pairing

This allows parents to link their own TikTok account to their child's account. This will allow you to set controls such as restricted mode (limit the appearance of inappropriate content) and screen time management (control how long they can spend on TikTok each day). You can find out more

School Dinners - action needed

Please order no later than Tuesday 29th March for the w/c 4th April 2022.

Well done Wroxton - we are World Record Holders!

As of 8 o'clock this morning, we are OFFICIALLY WORLD RECORD HOLDERS!

Last Friday for Comic Relief, we took part, along with thousands of other children in a World Record Attempt for being part of the biggest game of musical bumps. We are delighted to say that the record was smashed by all the children who were playing musical bumps including the children here at Wroxton.

Official numbers are still being verified – but we know we're way over the threshold for breaking the record.

If you want to hear the joy of the announcement, you can listen back to the exact moment on BBC Sounds – BBC Radio Oxford at around 2 hours 5 mins into the show! The official Guinness Head of Records made the announcement.

Parents' Evening - 4th/ 5th April

Invite links to book your appointment were sent out this week. Please check your emails/text if you haven't seen this yet.

Parents have the choice of either a face to face appointment or via a video link. Please complete the online form that was sent to you this week so we know who to expect at school.

For those opting for the online meeting, a link will be sent to you 24 hours before your appointment. A guide was attached to our letter emailed to you this week. (Please note that we are not using TEAMS as previously. The video link is generated using the appointment booking system.)

If you have opted for a face to face appointment you will still receive a link for a video call, please ignore this.

Tesco Community Grant Scheme
